RDEB Kits, a division of RDEB Consulting Inc. Ste. Anne, Manitoba. Images are renderings.

Two ways to buy every kit

Every RDEB kit starts as a full set of construction drawings by a construction project manager in Ste. Anne, Manitoba. You choose how much we do for you.

Plans

The full PDF build package. Order the lumber anywhere.

- Drawings for every part of the build
- Coded cut list
- Order list you can hand to any lumber yard
- Step-by-step assembly in build order

Pre-cut kit

Everything in the plans, with the materials delivered (southeast Manitoba).

- Every piece cut and marked with its code
- Hardware in numbered bags, one per step
- Picture-by-picture instructions
- Delivery quoted to your address

STEP 1
Kit arrives, every board coded

STEP 6
Walls framed

STEP 9
Siding on

STEP 14
Bench and heater in

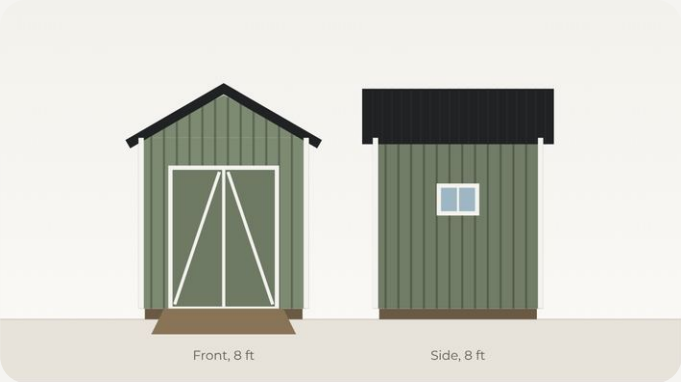

Pricing: every kit is quoted to you, including delivery. Ask at kits@rdebkits.com or rdebkits.com. Drawings are construction drawings, not engineer-stamped. Check your local bylaw for size and setbacks.

BUILD YOUR OWN

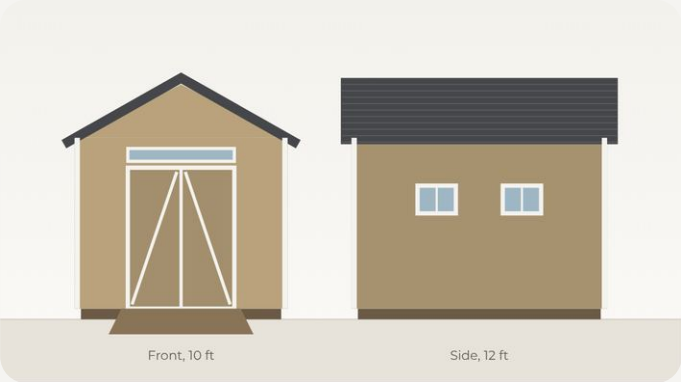

Storage sheds

Five sizes, from a garden shed to a drive-in shed for the lawn tractor and quads. Pick a size, then choose the siding, colours, door, windows, floor and extras. Try it at **rdebkits.com**.

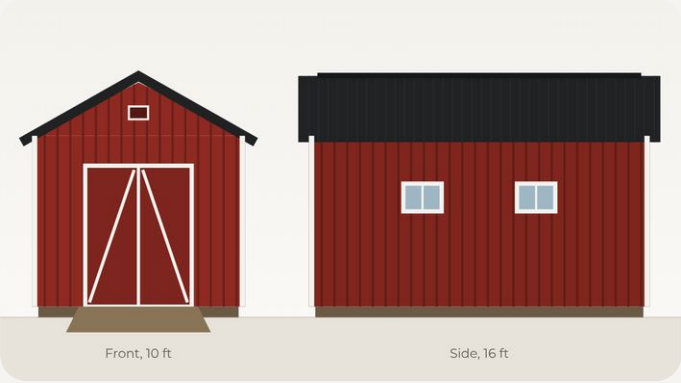

Model	Size	Area	Good for
Garden	8 x 8 ft	64 sq ft	Mower, garden tools, bikes
Utility	8 x 12 ft	96 sq ft	Garden gear plus a workbench
Workshop	10 x 12 ft	120 sq ft	Workshop or snowblower and tools
Garage	10 x 16 ft	160 sq ft	Lawn tractor or a quad, with room to work
Barn	12 x 16 ft	192 sq ft	Tractor and two quads, under 200 sq ft

Garden 8x8, board and batten, sage

Workshop 10x12, tan, transoms, two windows

Garage 10x16, barn red, ridge vent

Barn 12x16, steel, overhead door, mouse-proof

Options: smooth panel, board and batten or steel siding | 6 siding colours, 3 trim colours | black metal, Galvalume or charcoal shingle roof | double 5 ft doors, single 3 ft door or 8 x 7 ft overhead door (10 and 12 ft wide) | 0-2 windows | wood floor on skids or for your concrete slab | drive-up ramp, overhead storage deck, mouse-proof package, workbench and shelving, transom windows, ridge vent.

TWO MODELS

Backyard saunas

A compact one for a home on a budget, and a larger one with a porch and glass front. Both come with no heater, an electric heater or a wood stove.

BUDGET MODEL

Sauna 5x6 BASIC

- 5 x 6 ft, seats 2
- Cedar bench and step
- Black panel siding, cedar-tone plank door
- Single-slope black metal roof
- Insulated, pine-lined inside
- On skids, so it can be moved

Heat: no heater, electric heater, or wood stove with chimney kit.

SIGNATURE MODEL

Sauna 8x9 SIGNATURE

- 8 x 9 ft, seats 3 to 4
- 6 ft hot room plus 3 ft covered cedar porch
- Glass door, glass panel and side window
- Two-tier cedar benches
- Black board-and-batten, black metal roof
- On skids, no foundation

Heat: no heater, electric heater, or wood stove with chimney kit.

SLEEP-IN ELEVATED BLIND

Elevated Blind 4x8

Stay out overnight and be on stand at first light. Built from standard lumber; goes together with bolts and screws, right where it will stand.

- 4 x 8 ft cab, floor about 6 ft up
- Sleeps 2
- Hard-sided, painted flat olive-brown
- Hinged shooting windows
- Hinged door with barrel bolt
- Built-in ladder and earth anchors
- Single-slope shingled roof
